Original MINI accessories

Decorative panel set with pad (Side scuttles)

MINI Clubman (F54)

Product description Now

it is also available for the new MINI Clubman. The colorful side scuttles (decorative panel set with pad) have become an integral part of MINI.

The standard components in the side indicators are replaced with the colorful accessory side scuttles and there they are, the special accents in the side view. The designs are optimally coordinated with the graphics of the exterior mirror caps and complement them perfectly.

The following designs are offered: Union Jack, Black Jack, Gold Jack, Checkered Flag black/white, Checkered Flag black/grey, JCW Pro.

Details

- The side scuttles are available in **different** designs. choice that provides visual highlights.
- The look of the MINI becomes even more **individual**.
- **Perfect fit:** The components are **optimally** tailored to the design and geometry of the MINI Clubman.
- The **high** quality of the materials used was **tested through light fastness tests**. The material is UV, temperature and water resistant.
- The side scuttles can be swapped. This means the customer can change the look of their vehicle as they wish .

Comparison to the competition

MINI is currently the only vehicle manufacturer that offers side scuttles for its vehicles.

Functionality –

The printed design pads are already pre-assembled and glued to the plastic carrier.

- The side scuttles use series locking. Thus is easy assembly guaranteed.
